Clarification of the above answer:

Vendors may propose to provide the services that the Board of Pharmacy has been planning on providing themselves. The Board has been planning on hiring staff to process reports, reply to inquiries, and other administrative duties associated with the operations of the PDMP. The vendors may propose to do these for the Board, but the costs must be itemized in the cost proposal. Vendors may still propose to provide only the computer system services (pharmacy data collection and data repository) and necessary maintenance and training. We will welcome both types of bids.

The above referenced solicitation is hereby amended as described as follows:

1. Section 1.03 RFP Schedule is amended to extend the proposal due date from October 9, 2006 to October 11, 2006
